'And the people remained silent' was a Russian proverb — and it describes much of Russian history. To be sure, this was a people's tragedy but it was a tragedy which they helped to make. The Russian people were trapped by the tyranny of their own history. 'We are slaves because we are unable to free ourselves,' Herzen once wrote.

British historian and writer. Orlando Guy Figes (/ f a d z /) is a British historian and writer known for his works on Russian and European history. He is professor of history at Birkbeck College, University of London . Figes is known for his works on Russian history, such as A People's Tragedy (1996), Natasha's Dance (2002), The Whisperers (2007), Crimea (2010) and Just Send Me Word (2012), as well as books on European history, such as The Europeans (2019).

~~Orlando Figes – Wikipedia~~

A British historian, Orlando Figes, has now entered the fray with A People ' s Tragedy, a 900-page history of the Russian debacle. It succeeds handsomely as an engrossing account of the revolution, but falls short of its implicit goal of resolving this great historiographical debate.

Covers Russian history from the end of the nineteenth century to the death of Lenin, and explores how Russian pre-revolution social forces were violently erased and replaced

Unrivalled in scope and brimming with human drama, A People's Tragedy is the most vivid, moving and comprehensive history of the Russian Revolution available today. 'A modern masterpiece' Andrew Marr 'The most moving account of the Russian Revolution since Doctor Zhivago' Independent Opening with a panorama of Russian society, from the cloistered world of the Tsar to the brutal life of the peasants, A People's Tragedy follows workers, soldiers, intellectuals and villagers as their world is consumed by revolution and then degenerates into violence and dictatorship. Drawing on vast original research, Figes conveys above all the shocking experience of the revolution for those who lived it, while providing the clearest and most cogent account of how and why it unfolded. Illustrated with over 100 photographs and now including a new introduction that reflects on the revolution's centennial legacy, A People's Tragedy is a masterful and definitive record of one of the most important events in modern history.

Vast in scope, based on exhaustive original research, and written with passion, narrative skill and human sympathy, this book offers an account of the Russian Revolution for a new generation.

Russia under the old regime - The crisis of authority - Russia in revolution (February 1917-March 1918) - The civil war and the making of the Soviet system (1918-24); Lenin - Marx - Stalin - Kerensky - Trotskysk_____

From the author of A People's Tragedy, an original reading of the Russian Revolution, examining it not as a single event but as a hundred-year cycle of violence in pursuit of utopian dreams In this elegant and incisive account, Orlando Figes offers an illuminating new perspective on the Russian Revolution. While other historians have focused their examinations on the cataclysmic years immediately before and after 1917, Figes shows how the revolution, while it changed in form and character, nevertheless retained the same idealistic goals throughout, from its origins in the famine crisis of 1891 until its end with the collapse of the communist Soviet regime in 1991. Figes traces three generational phases: Lenin and the Bolsheviks, who set the pattern of destruction and renewal until their demise in the terror of the 1930s; the Stalinist generation, promoted from the lower classes, who created the lasting structures of the Soviet regime and consolidated its legitimacy through victory in war; and the generation of 1956, shaped by the revelations of Stalin's crimes and committed to "making the Revolution work" to remedy economic decline and mass disaffection. Until the very end of the Soviet system, its leaders believed they were

carrying out the revolution Lenin had begun. With the authority and distinctive style that have marked his magisterial histories, Figs delivers an accessible and paradigm-shifting reconsideration of one of the defining events of the twentieth century.

“ During the first two months of 1917 Russia was still a Romanov monarchy. Eight months later the Bolsheviks stood at the helm. They were little known to anybody when the year began, and their leaders were still under indictment for state treason when they came to power. You will not find another such sharp turn in history especially if you remember that it involves a nation of 150 million people. It is clear that the events of 1917, whatever you think of them, deserve study. ” --Leon Trotsky, from *History of the Russian Revolution* Regarded by many as among the most powerful works of history ever written, this book offers an unparalleled account of one of the most pivotal and hotly debated events in world history. This book reveals, from the perspective of one of its central actors, the Russian Revolution ' s profoundly democratic, emancipatory character. Originally published in three parts, Trotsky ' s masterpiece is collected here in a single volume. It serves as the most vital and inspiring record of the Russian Revolution to date. “ [T]he greatest history of an event that I know. ” --C. L. R. James “ In Trotsky all passions were aroused, but his thought remained calm and his vision clear.... His involvement in the struggle, far from blurring his sight, sharpens it.... The History is his crowning work, both in scale and power and as the fullest expression of his ideas on revolution. As an account of a revolution, given by one of its chief actors, it stands unique in world literature. ” --Isaac Deutscher

From an award-winning scholar comes this definitive, single-volume history that illuminates the tensions and transformations of the Russian Revolution. In *The Russian Revolution*, acclaimed historian Sean McMeekin traces the events which ended Romanov rule, ushered the Bolsheviks into power, and introduced Communism to the world. Between 1917 and 1922, Russia underwent a complete and irreversible transformation. Taking advantage of the collapse of the Tsarist regime in the middle of World War I, the Bolsheviks staged a hostile takeover of the Russian Imperial Army, promoting mutinies and mass desertions of men in order to fulfill Lenin's program of turning the "imperialist war" into civil war. By the time the Bolsheviks had snuffed out the last resistance five years later, over 20 million people had died, and the Russian economy had collapsed so completely that Communism had to be temporarily abandoned. Still, Bolshevik rule was secure, owing to the new regime's monopoly on force, enabled by illicit arms deals signed with capitalist neighbors such as Germany and Sweden who sought to benefit-politically and economically-from the revolutionary chaos in Russia. Drawing on scores of previously untapped files from Russian archives and a range of other repositories in Europe, Turkey, and the United States, McMeekin delivers exciting, groundbreaking research about this turbulent era. The first comprehensive history of these momentous events in two decades, *The Russian Revolution* combines cutting-edge scholarship and a fast-paced narrative to shed new light on one of the most significant turning points of the twentieth century.

Accessible to students, tourists and general readers alike, this book provides a broad overview of Russian history since the ninth century. Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the

Bookmark File PDF A People Tragedy The Russian Revolution

end of the Soviet Union in 1991. Since then, new material has come to light on the history of the Soviet era, providing new conceptions of Russia's pre-revolutionary past. The book traces not only the political history of Russia, but also developments in its literature, art and science. Bushkovitch describes well-known cultural figures, such as Chekhov, Tolstoy and Mendeleev, in their institutional and historical contexts. Though the 1917 revolution, the resulting Soviet system and the Cold War were a crucial part of Russian and world history, Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power.

Provides a portrait of everyday Russian life during the repression of the Stalin years, analyzing the regime's effect on people's personal lives as they struggled to survive in the midst of the fear, mistrust, and betrayal.

"The Soviet Tragedy is an essential coda to the literature of Soviet studies...Insofar as [he] returns the power of ideology to its central place in Soviet history, Malia has made an enormous contribution. He has written the history of a utopian illusion and the tragic consequences it had for the people of the Soviet Union and the world." -- David Remnick, *The New York Review of Books* "In Martin Malia, the Soviet Union had one of its most acute observers. With this book, it may well have found the cornerstone of its history." -- Francois Furet, author of *Interpreting the French Revolution* "The Soviet Tragedy offers the most thorough scholarly analysis of the Communist phenomenon that we are likely to get for a long while to come...Malia states that his narrative is intended 'to substantiate the basic argument,' and this is certainly an argumentative book, which drives its thesis home with hammer blows. On this breathtaking journey, Malia is a witty and often brilliantly penetrating guide. He has much wisdom to impart." -- *The Times Literary Supplement* "This is history at the high level, well deployed factually, but particularly worthwhile in the philosophical and political context -- at once a view and an overview." -- *The Washington Post*
