Baltic Postcolonialism in its scope is an important contribution to thinking not only about the Baltics, but also about all of Eastern Europe and the former Soviet Union. It is an invigorating addition to post-colonial studies and should engage scholars within and outside of the disciplines of literary criticism, philosophy, and cultural studies in further dialogue.

Synopsis. Emerging from the ruins of the former Soviet Union, the literature of the Baltic states of Lithuania, Latvia and Estonia is analyzed from the fruitful perspective of postcolonialism, a theoretical approach whose application to former second-world countries is in its initial stages. This groundbreaking volume brings scholars working in the West together with those who were previously muffled behind the Iron Curtain.
